Pat's Patter

Our meeting for Thursday, March 20th will be back at Sport Flyers at LaVerne and Leonard's hangar at 7:30pm.

Tom McCrae with Air Routing International will be our speaker. His program will be on the effect of 9-11 on our corporate world and the effect on air travel. Tom was our speaker back in 1999 on world-wide navigation. This will be very interesting so I hope you all will come. Gary Hunter gave his excellent presentation on the "Do's and Don'ts of Epoxy" at our last meeting. We had an excellent turnout in spite of the bad weather. Gary is now available to make parts for your projects or assist you with your projects as he is in business for himself at this time. His phone number is 281-433-8478.

Keep flying and see you at the meeting! - Pat
